DEDICATION

We, the annual staff of 1967, wish to dedicate this annual to Dwain L. Bunch. We feel that as our coach and teacher he has greatly contributed to our years at Coolidge High School.

Mr. Bunch has served as coach for football, basketball, baseball, volleyball, and track. He has also served as a high school teacher for the past seven years.

We wish to express our thanks for the guidance and understanding he has always shown us.

COOLIDGE PUBLIC
SCHOOL LIBRARY-H

Mrs. Gloria Batey, School Librarian Title I

Mrs. Sally Sain, remedial reading teacher, working with her class in the reading lab.

Students are encouraged by Mrs. Batey and Mrs. Bunch, the assistant librarian, to read.

New draperies, a lovely antiquing job on the old dining room suite, and a divider all contributed to a new look for the Home-making Cottage.

SUPERINTENDENT'S MESSAGE

ROBERT H. HUNT
Superintendent

As the end of the year draws near, I feel that you can look back on your accomplishments with a great deal of satisfaction.

I wish to commend you--the student body--on your hard work, cooperation, loyalty, and fine spirit. The future for freedom depends upon our ability to consolidate all creeds into one peaceable world. The success of this goal rests upon man's ability to solve the problems that arise as the line of progress moves forward.

Congratulations to the Coolidge Annual Staff for a job well done. To those who possess a copy of this yearbook, when in the future years you so carefully turn its pages, may you have the satisfaction of knowing that you did your best.

PRINCIPAL'S MESSAGE

CHARLES H. OSBORNE
Principal

Basically the school is the most important member of a community, a state, or a nation that is a democracy because the school must educate the population so that the people understand the basic principles of a democracy and understand how to uphold these principles.

This school is dedicated to these principles, and I am proud to say that the administration, faculty, employees, and student body of this school do understand and uphold these principles.

On these summer days!

COOLIDGE PUBLIC SCHOOL LIBRARY IN THE UNITED STATES

The story of American government is the story of the people. Our system of government did not suddenly spring into being as if the voice of some political imagination's hand. Nor was it pulled out of thin air by the

Our English Heritage. The French, Spanish, Dutch, Norwegian, and other Europeans settled in parts of what was to become the United States. But it was the English who came in the largest numbers. And it was the English who came in control of the thirteen colonies that stretched for 1,300 miles along the Atlantic sea-board.

These early pioneers who cleared the wilderness and fought off the Indians had to back on their own resources to build the New World. And their

Founding Fathers of Philadelphia in the summer of 1787. Whether by the development through long centuries of experience. Tradition. Thought. and deed. We shall now review the early points of these beginnings.

The Colonial Period

When and then together with the English and then together with the Dutch, they brought with them the English idea of a representative assembly, which had been working since the thirteenth century in England. This idea of a representative assembly was brought to the colonies by the English.

1.1. The English brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is not all-powerful; that government is limited in what it may do, and, generally, that it is limited in the sense

SETTLERS AT WORK

Early Americans had to live together in harmony, or they would not survive. This was called "government in order to live." The beginning of our government today.

1.2. The English brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is not all-powerful; that government is limited in what it may do, and, generally, that it is limited in the sense
